

HISTORYWORKS INVITES YOU TO PARTICIPATE IN MAKING MUSIC AND MAGICAL MACHINES

We will be creating a band and amazing flying machines using 'junk' recycled from local businesses, such as bits of propeller donated by Marshalls and remodelled by artist, Matt Lane Sanderson.

Would you like to create and play in our junk band? Would you like to build a prehistoric flying lizard or kite to fly on Coldham's Common?

If the answer is **YES** and you're age 8-12 then come join us this Summer holidays for **FREE Junk Band and Kite & Flying Lizard Building Workshops** organised by Historyworks and hosted by Abbey Meadows Community Wing, Galfrid Road, CB5 8ND.

You'll have the chance to make and play a variety of junk percussion instruments, as well as creating kites and flying lizards- it should be lots of fun! 😊

Junk Band Creating & Playing Workshops led by musicians Mario Satchwell & Tizzy Faller. Kite & Prehistoric Lizard Making by public historian Helen Weinstein & sculptor Matt Lane Sanderson.
